Secretary

**GENERATOR SERVICE WAIVER**

Tribal Member No. \_\_\_\_\_

Contact # \_\_\_\_\_

Email \_\_\_\_\_

Infrastructure Services will be conducting Quarterly Services on all home generators. Primary home owners will not be charged for services performed on generators. Secondary home owners will be charged a fee for their services based on the type of generator.

In order to properly maintain these generators every three months, Infrastructure Services will need access to the generators, whether the Tribal Member is home or not.

Infrastructure Services and Housing Dept. will send flyers the week before the generator service and will leave a copy of the Work Order on your door the day of the generator service.
