## NOTICE

### BEAR RESISTANT TRASH CAN

Due to the heavy-duty construction of your bear resistant trash can, it is highly recommended that you handle it using safety precautions. Please follow the guidelines below when opening, closing and moving your bear resistant trash can.

- ✓ **The bear resistant trash can is top heavy** because of the locking mechanism in the lid; use caution when rolling your cart to and from the curbside.
- ✓ To avoid injury, keep hands and arms away from the opening of the can prior to closing the lid.

For more information on your bear resistant trash can, please visit the manufacturer's website at [www.toter.com/consumers](http://www.toter.com/consumers).

Should you have any questions, please contact the Public Works Office at (866) 625-5376 or (954) 894-1060.

Thank you in advance for your cooperation.
